Our Clientele

Over the years, Mindarray Systems Pvt. Ltd. has extended its footprint beyond India in the UAE, Israel, Phillipines, Malaysia, Africa & other countries across the globe. We have customers from various industries leveraging our products to gain complete visibility into their IT infra through a centralized or distributed deployment using cloud, on premise, or hybrid cloud.

Testimonials

“Ease of use & user friendly dashboard helps us discover various elements with real-time reports. The platform is Linux based & has a simple licensing model”

Gaurav Shah
CIO, CommuniFi Technologies

“Motadata brought a refreshing change against all other monitoring systems. The unified platform, gives us eagle’s eye view from a single dashboard”

Chintan Mehta
Director, Knowarth Technologies

“People view Motadata as an alert & RCA engine, however; it is much more than that. It addresses issues even before they arise & impact.”

Anil Nayer
AVP IT, Kotak Securities
